

Fenstanton Speedway Club

Formerly L.R.A.C

Dear Members

A Happy New Year to all members and their families, hope you have had a good Christmas and used the opportunity to flex your rods!

The Fur and Feather

All credit to those members that braved the conditions to attend this match. Mowgli, Pies and BT Les went to a lot of trouble to ensure that bacon rolls, mulled wine etc was provided on what was one of the coldest days of the year.

Despite the weather, a good number of members and guests turned up, happy to put some space between them, the wife, the kids or whatever else got on their tits over the aptly named Christmas Period!

As expected few fish were caught, apart from Sharks Tooth, who found it difficult to understand that you can't enter the sweep after you have started catching fish...berk!! Fenstantons answer to Johnny English..Parker caught a few bits but was unable to enter the shooting because of extensive military training making him effectively a lethal weapon.

Local Farmer and Seagull Conservationist, Mr Johnny Johnson, very kindly arrived with his excellent clay trap and provided the entrants with some very testing targets. It was surprising to see how well some of the guns dealt with these and the Fur and Feather was effectively decided by the shooting.

1st Jack Harvey £50 2nd Kevin Burgess £30 3rd Simon Stamford £20
Once again well done to the lads for organising the match

Some nice carp are still being landed by the few members giving it a crack. There is possibly going to be an end of season match, we will provide more details of this early in February.

Lost Property

1. 6' Tip Section , probably a Carp Rod – Call 07711 410303 to collect
2. Numerous bags of crap left by some degenerate looser containing the remains of his food packaging and bait tins. Please let me know your details so I can shove these valuable items up your ar.e!

Now would be a good time for all litter louts to sit on the ice in the middle of the lake and play with a big hammer.....have fun knobs

Club Trophies

All trophies are now engraved and will reside on a newly constructed shelf in The George

Hamptons Pigs

No, I am not referring to the beasts that represent the Clubs Cheerleading Team, but the little hunnies residing in the top paddock. These animals, although attractive in their own way, were not purchased as potential companions for those members spending endless days fishing at the lake. Please do not feed them, covert them or become emotionally attached to them (Leon!!!)

The Car Park

Our recent application to the planning office to utilise the front car park as a race track was refused. This did not prevent one/two members deciding that they would spend a bit of time having fun and ruining the car park. The grass that has taken eight years to establish was destroyed in a deliberate act of vandalism. I have informed one member that they are no longer welcome at the lake.

Other members have decided that it would be a good idea to give the gates combination to their friends so they can visit....bless.

As members we are all responsible for ensuring that the lake is a pleasant place for us all to enjoy. Please help rid the Club of the few that are spoiling it for the majority.

Regards

Steven Booth
