

The Low Road Angling Club

8th October 2008

Dear Members

Well it was good to be back at the LRAC monthly meeting. Several new faces have appeared since my last attendance and the level of enthusiasm is as strong as ever. As always with the LRAC, character is much stronger than intellect at the meetings and so after a relatively short meeting we arrived at the following conclusions.

1. The accounts are in sound order.
2. Les will continue as Club treasurer – This was surprisingly agreed despite BT's previous employment with Morgan Stanley?
3. Tenchy is a knob but still in the Club. This was only passed after a general consensus agreeing most other members are knobs. Any members either being naughty, breaking rules or not sharing girlfriends is out
4. Baz, Mowgli, and Adam will be working together to organise matches, cross dressing events and other such jollies.

The Hampton Cup will be held on the 25th of October. It would be good if members could support this event. As in previous years this is one of the events where friends and guests are welcome.

A provisional date of the 27th of December has been set for the Fur and Feather, please put this in your diaries.

We will be working down the lake on Sunday just picking up litter, burning boats and having a bit of a tidy. Anyone wishing to pop down and help would be welcome.

Regards

Steve Booth
